The Name of Quality and Design

The Global Leader in Pickup Truck Canopies

From humble beginnings as a small spare parts shop in Thailand in 1970, CARRYBOY has grown into the world's leading manufacturer of fiberglass pickup truck canopies. In 1982, we introduced our first CARRYBOY canopy—marking the start of a journey that has redefined the industry.

For over 40 years, our commitment to quality and innovation has set us apart. With an annual production exceeding 20,000 canopies for three decades straight, CARRYBOY has earned a reputation for excellence, reliability, and cutting-edge design. When it comes to pickup truck canopies, the world trusts CARRYBOY.

Expanding Our Global Presence

Understanding the growing demand for high-quality canopies, we established CARRYBOY AUSTRALIA in 1995 with a headquarters located in Melbourne. Introducing the first smooth canopy, we have set the bench mark in the Australian automotive industry.

Over the years Carryboy cemented it's roots and became a leader in the Australian market and with this success Carryboy expanded further and set up Carryboy Queensland as an independent state to better serve the Queensland market.

Driven by Innovation, Built for Excellence

Every milestone in our journey reflects our unwavering commitment to innovation, superior craftsmanship, and customer satisfaction. CARRYBOY continues to push boundaries, delivering world-class products that meet and exceed expectations.

Why choose a CARRYBOY CANOPY

Dedicated hand built one piece structure shell

1

*FRP characteristics
are perfect choice
for canopies*

2

Light, strong and durable
FRP material that gives longevity
compared to other materials.
Single-piece moulding.

Substantial Roof load capacity (without internal bar needed)

Australian Crash
Test Approved

3

Plug and play wiring

Standard wiring kit as OEM standard
(for some most models)

Water proof & Dust proof

 **IP67**

4

Single handle operation

Operate with ease using a single handle preventing contact with glass

5

More than 40 years of experience

6

Variety of accessories to compliment your Carryboy Canopy

7

spare parts on hand for up to **15** years

8

Seen The Rest, Get The Best
